In Reference to: U.S. Patent Application 09/778,597
Applicant: Gibbs

The Notice regarding Drawings mailed on January 24, 2003 contained an objection requiring that the photographs be mounted. This objection was improper and is hereby waived. Further, the color prints submitted with the photographs on February 7, 2001 are of acceptable quality to print the patent grant. Therefore, all remaining objections have also been waived. I apologize on behalf of the United States Patent and Trademark Office for any inconvenience caused by this objection to your drawings.

Sincerely,
